Re: Support of TRO
& Denial Access to Courts

Dear God, BTC & FM

I thought this would come By choice but it has not - I have been at the verge of death and waiting on God trusting the next day would be better and some how God would find another way - Please dont judge it as if I made my own choice - the drugs - lack there - of and gassing abuses have taken me to a point that I dont know how I ever made it out of that moment - I cant, I cant control it any longer - TRUST ME IT WAS IN -

Induced - Im not afraid and I can't solve it - Im gas-drugged and and denied proper meds - So I am Constantly on the verge yet somehow God has held up - I am not sure but God knows I can not physically or mentally take it - He knows and has chosen in His Soverign will to not intervene so if it is his will, and if it happens it was not by personal will or choice or with a clear mind, it was totally out of my control - forced on me - putting me in a stage where

I could not hold on... It is important that you know at the moment it was not strength or fear, or weakness, or being tired or being stubborn - I have followed Gods will and have fought it as long as I could - So NO-NO-NO its not my choice - It a choice and will occur at a moment of desperation where I lose total control = at the hands of those who have custody of my life, mind, and at moments will.... Please Understand this was not me

in a conscious act - nor in any form - But the state of being held is the cause that takes you to a point of force of no return NOT SAL - NOT FEAR - NOT RESEU-SE - JUST DRUGGED OUT OF CONTROL AND AGAINST MY WILL - WHAT EVER THE FORM AT or the by drugs or other way - It was not pre-meditated it was when a person loses control - I know because I have been so close and not by will but at moments where I have no control of my actions - If your

● mind loses control its and its
not your doing it is not suicide
it is murder - its its emotions
dicon its they who drive the emotions
and refuse to address what causes
these emotions - so GOD
● KNOWS I'M SAYING THE
TRUTH - THE FACT I take the
action & even if it looks
like I knew enough to act it
not - that I'm consciously acting
by saying I'm going to do a
● bc - its only by the fact
that - a BC occurred be

- Its my only way to respond at the time when control and sense is lost. — — —

Today I read Acts Stephens death and he saw the lord waiting on heaven.

- God's Fathers right hand I pray that if God allows it to happen - Because only he can decide when I pray that the moment is one he makes himself known to me.

- I have not been allowed to sleep en weeks months - my

Mind is gone as far as making sense and putting things to make sense - This is not an crazy or suicidal under a normal property treated mind --- I will stop injesting the meds they give and will try and fight off things-desire when it is provided - I know only God will know & Control the situation and I trust that what I do is not a conscious choice - I promise

I'm fighting it - I have wanted to tell each or someone of you - But you chose to hide rather than want and let me die on my own - You chose to trust everyone but me you chose to trust fear than to act on your heart for someone who needed - love, help, - NO ONE IS ABOVE GOD = You chose to fear man and not God - I chose to trust God without fear of man.....

I'm not angry - just sad

Its - 11-2-19 - 10:00 PM -
when I write this Im doing
it not because its when Im
thinking, Im doing it because its
when Im at a stage where I can
share the process of how I get
to that moment because I
dont know if the next time
Ill be able to prevent it. But
now I can share it and hope
that it does not matter
I guess its like a wife that feels
that sooner or later her husband
will kill her but keeps it to
herself then its too late

Well - Its similar in the way that I said it to you - and now I'm just letting you read my diary of what leads to the moment...

It hurts bad to have had to do this in writing and you chose to know in this way...

I Do Know I'll see You in Glory -

Again this may never be but if it is you have the words

Sal - Son of God in Christ Jesus

I will never tell them what will happen. I've done that. They know what they are doing and any human being with common sense knows the result - Its not a need - to be Psychologist Dr - etc. Any lay person knows - Any Grad knows So its not I did not cry out - I did to hi crap to DES - BOP - COURTS - LAWYERS - AND FAMILY
