Re: Paul Bergin v. United States  
Civil No. 16-3040 (JLL)  
Criminal No. 09-369 (JLL)

Dear Mr. Gay:

Please be informed that I have received and meticulously scrutinized your letters, dated July 17 and 18, 2017, respectively and addressed to the Hon. Judge Jose L. Linares, U.S. D. J., Newark, New Jersey.

Please forgive the handwritten nature of this letter but I have no other means available for me to communicate.

Your letters delineate that, "Mr. Bergin's motion is extensive, with the brief alone exceeding 400 pages." Moreover,

2

you indicate that, "a response requires a painstaking review of voluminous material, including, several thousand pages of trial transcripts, hundreds of trial exhibits and enormous amounts of pre-trial discovery." (Emphasis added). You also implore the Court for an additional four months to respond, in addition to the six months you were previously given.

I now come before you and plead, beg and implore you to meet your professional responsibility and seek justice. To search for the truth.

I firmly and sincerely understand your personal and professional opinions, but I am most respectfully and sincerely pleading with you, in the interests of justice and to save thousands of hours of your precious time, and others, to consider my request.

My proposition is simple, readily available to you and most importantly just. I also understand that a verdict has been returned and ask you, again, to consider this proposal.

I will withdraw my motions (emphasis added), both my Rule 33, Federal Rules

Criminal Procedure and my 28 USC 2255, saving you thousands of man hours if:

(a). Anthony Jourg was to take a polygraph examination, given by any agent-Polygrapher selected by the government and come up non-deceptive or truthful. That he ever met with me in reference to the Kemo case, as he testified and I ever uttered the words, "no Kemo no case"; or I ever told him and others that William Basterville will win his case without Kemo as a witness, or words to that effect.

I am also begging you to have the following government cooperating witnesses polygraphed, again by any agent-Polygrapher you select and, if they pass and your expert says they were truthful; I will withdraw all my motions and do the rest of my life in prison:

(1). Abdul "Mutallie" Williams. Have him examined on the sexual issue as to his testimony. That he worked for me as a "taxi-driver" delivering multi kilograms of cocaine to my clients and returning United States currency to either me, Yolanda Jauregui or Alejandro Castro.

(2). Rondre Kelly - That I ever had any cocaine delivered to him or was involved

4

in the delivery of cocaine to him, at or from my law office at 510 Market Street, Newark, New Jersey, as he swore.

(3). Eugene Braswell. That I ever sold any (emphasis added) cocaine to him from my law office, at 50 Park Place, Newark, N.J. or The Robert Treat Center, Newark, N.J., as testified to.

(4). Thomas Moran - That I ever informed him that Alejandro Castro paid me any monies to store cocaine at Isabela's Restaurant, Newark, N.J. or that Moran ever accompanied me to a meeting at Isabela's Restaurant, to meet with either (emphasis added), Castro or a Subway's Franchise representative, as he so testified.

If any one of these government witnesses passes your polygraph, all my motions will be summarily withdrawn. I concede and stipulate to this. I only included a few witnesses and critical testimony. There is so much more !!

I also beg, plead and implore with you to commence this simple proposal with Young. You don't even have to actually polygraph him, or the others. Just contact him - then

and inform them that you are going to polygraph him - then and need to know the actual truth. That you will not prosecute him - then if they tell you the truth now, but if they fail a polygraph you will, and their plea agreements will then be jeopardized.

I guarantee you, that EACH of these witnesses on these seminal issues will be DECEPTIVE; and that each one completely and wholly fabricated their testimony relevant to me. (Emphasis added).

You are a professional and respected prosecutor and attorney. If you are confident in your cooperating witnesses then you could save The Department of Justice and Court precious times and ensure justice was done. I am swearing and vowing to you that justice was not done.

Thank you,  
God Bless,  
Most respectfully,

Paul W. Berben
